

Nellie Howard
Resource Center Director

resourcecenter@wvpresbytery.org

If you teach a class or lead a study, then check with the Resource Center for curriculum for all age groups. We have both book and DVD studies. If you are looking for help getting through hard times or for inspiration to renew your relationship with God or God's people, the Resource Center has plenty of books, DVDs and audio books from which to choose. We have resources for crafts, games, banners, events, or for outreach programs.

The Resource Center has everything you need to plan worship services, write sermons, and deal with stress and challenges in your calling. We also provide resources for training teachers, church officers and young people seeking confirmation.

Give Nellie a call or visit the Resource Center for all your ministry needs. She works until 4:45 p.m. Monday and Tuesday, though the Resource Center is open for use whenever the office is open. Also, she would love to be invited to attend an event at your congregation with the Resource Center display.
