

New Life Congregational Grants Guidelines

The Presbytery of West Virginia is offering grants to its congregations to encourage and support them in projects that will strengthen their ministry, enhance their mission, and/or improve relationships in the church and with the community. The funding of the New Life Congregational Grants comes from the presbytery's sale of vacated church properties. Twenty percent of funds received from such transactions will be set aside for property expenses of vacated properties. The remaining 80% will fund the New Life Congregational Grants program. The New Life Congregational Grants will be available to congregations as long as there are funds available. It is the hope of the Leadership Team that these funds from the end of one congregation's life will bring new life to other congregations.

These funds are intended to support new or expanding projects and will not reimburse for completed projects. Grant funds are then to be used within one year from the award date.

The New Life Congregational Grant program is offered in two tiers:

- Tier One – Covenant Grants: Grants up to \$2,000 to encourage creativity and increase vitality in congregations. These grants are available to any Presbytery of West Virginia congregation who completes a simple application explaining how the funds provided will be used to support the presbytery's core values (ministry, mission, and relationship) in their particular congregation. Session approval and final report required.
- Tier Two – Innovation Grants: Grants up to \$10,000 will be awarded to congregations for larger projects. These grants will require completion of a more extensive application (including detailed plans, goals, budget, timeline, and anticipated outcomes) and should also reflect the core values of the presbytery (ministry, mission, and relationship) and the congregation. Session approval and detailed final report required.

Outcomes

Congregations who receive grants will be required to report the outcomes of their projects so that they may be celebrated and funds accounted for.

Funds awarded should be used by the congregation within one year of their allocation. Recipients are asked to return funds not needed for their project if the amount totals more than \$100. Returned funds will go back into the New Life Congregational Grants fund.

Eligibility

Congregations may apply for a Covenant or Innovation grant one year after receiving a Covenant or Innovation grant. Final reports from any/all previous grants must be on file in order to apply for another. However, no congregation may receive more than \$30,000 in any five-year period.

Not eligible:

- * Capital improvements. While we are generally not considering brick and mortar projects, if there is a piece of a project that would enable a ministry to happen where it otherwise would not, we would consider providing some funding toward the project.
- * Endowment support
- * Individual scholarships
- * Salaries

Innovation Grant Details**

In addition to the Application Cover Sheet, please answer the following questions in detail.

1. **Ministry to be funded.** Please provide a summary of the overall purpose of the program/project to be funded.

2. **Projected Program Dates.** Please estimate your proposed program's beginning and ending dates.

3. **Goals of the Ministry.** What need or problem is being addressed, or outreach initiated?

Goals are broad statements of what you propose to do/the long-range benefits. (*What do we do? How do we do it? For whom do we do it? What value are we bringing?*) Example: This project will ease the uncertainty and anxiety of children entering the foster system by providing them with essential necessities such as a toothbrush, toothpaste, hairbrush, children's soap/body wash, children's shampoo, changes of clothing for the child's age, personal clothing (underwear, socks, pajamas), and age-appropriate books and toys.

4. **Outcomes.** List three to five specific outcome objectives of the program to be funded. (The objectives must be related to the goals and be meaningful and measurable.)
- Objectives: describe the beneficial results of the program. They tell WHO is going to do WHAT, HOW MUCH and HOW it will be measured.
 - Begin with "to," followed by an action verb. State results, not activities. Example: "To provide 50 backpacks filled with essential necessities for children entering the foster system"
5. In what specific way does this Ministry **meet the objectives** of the stated purpose of the New Life Grant initiative?

6. What is your congregation's **Mission Statement**? How does this ministry fit with your Mission Statement?

7. What is the amount you are requesting from the New Life Grant program? What funds or resources (including in-kind or other non-monetary) will be contributed by your congregation?

Describe in detail how these funds will be used and include a total projected budget for the program or project, including all other funding sources as well.

8. Describe plans to **measure** your progress and **evaluate** your project. It will be necessary to submit a final evaluation and final accounting of your project to the New Life Grant Team by the end of the grant period. A final reporting form will be provided with the grant agreement upon award.

IMPORTANT: YOU MUST ATTACH A COPY OF THE SESSION MINUTES THAT INCLUDE THE MOTION APPROVING THE REQUEST FOR THIS GRANT.
